

Objective:

Seeking an opportunity to apply strong technical skills in C, Java, and SQL to real-world projects within a dynamic organization. Motivated B.Tech student committed to continuous learning, professional growth, and contributing effectively to innovative and result-driven teams

Area of Interest:

- Machine Learning and Intelligent System
- Cloud Computing

Education:

- **Bachelor of Technology in Artificial Intelligence and Data Science**
Dr.Mahalingam College of Engineering and Technology,Pollachi | **May 2027** | **CGPA : 8.1***
- **HSC** | Universal Matriculation Higher Secondary School,Salem | **March 2021** | **Percentage: 90.3**
- **SSLC** | Universal Matriculation Higher Secondary School,Salem | **March 2019** | **Percentage: 93.6**

Skills:

Technical Skills:

- **Programming Languages:** C, Java, Python
- **Tools & Technologies:** Google Colab,Visual Studio Code,PowerBI
- **Database Management:** MySQL

Soft Skills:

- **Communication:** Verbal and written communication.
- **Teamwork:** Collaborates effectively and contributes positively in team environments
- **Quick learner:** Adaptive to new techniques

Projects:

Smart Health IOT Pet Belt

Oct 2025

- Developed an IoT-based smart pet belt using RFID and health sensors to enable automated pet identification and vital monitoring, integrated with cloud-based real-time dashboard tracking for caretakers and pet owners, focusing on sensor integration, data collection, and live health status updates to enhance pet safety.

Disaster Management System

Oct 2024

- Developed using PHP, MySQL, HTML, and CSS to manage disaster reporting, track affected regions, and allocate resources, with role-based access, secure login, and real-time CRUD operations tested using XAMPP.

Internships:

Novigo Infotech - Machine Learning Intern | Coimbatore

June 2025

- Worked on real-world datasets to solve practical problems using Python
- Gained hands-on experience in data preprocessing, supervised learning, model development and evaluation using libraries like Scikit-learn and Pandas

Certifications:

- Completed Foundational Training in Business and IT skills **July 2025**
- Certified in Data Visualization and Analysis **July 2025**

Achievements:

- Competed in the **Kriya'25** coding event at PSG Tech, Coimbatore, as part of a national-level tech fest
- Participated in **CodHer'25** Hackathon organized by Anna University

Extracurricular Activities:

- Executive member in **Youth Red Cross (YRC)** : Assisted in coordinating Blood donation camps.
